

## Club Commodore – Jeff Morrow

Hello Fellow members. Barb and I had a great time at Maumee River Yacht Club Commodore Ball on May 4th at the Carpenters Hall in Rossford Ohio. What a nice venue.

Then onto Detroit Beach Boat Club Commodore Ball. I consider DBBC our sister Club. Their members

made the first boat trip to MBC on May 18th with about 10 Boats. Thanks, DBBC.

Toledo Yacht Club Commodore Ball was on May 17th at the Club. TYC has a lot of history and as you walk in it feels haunted. TYC is down on membership but is being proactive to gain membership with different ideas to draw new members. With that said I feel very fortunate to be a member of our Club and all its attributes.

## Vice Commodore – Fred Hoitash

So FantaC is in the water and we've had her under sail one time. This is the latest that we have started the season ever. Hopefully more boats get in soon. Something is not right about so many docks being open at the beginning of June. Think we'll get lucky and have a late boating season through October and

lots of perch?

You may have noticed that there has been some construction going on at MBC. For now, it is complete. The new Ship's Store is complete and opened for business on 23 May. The painting and reworking of the hallway is complete, along with the new door for the Men's room. The dance floor in the banquet room has been removed and the entire carpet (except in the bar) has been cleaned. The new look is helping to update the club and give the members a better experience. The south entrance door has just been replaced and the bar entrance door was repaired. This effort secured the building so members can come and go without worrying that the door closes behind them.

Last month Celeste and I attended more AYC fundraisers. We were able to go on the fundraiser cruise on the Diamond Jack to support the current I-LYA Commodore, Cindy Johnson-Mintus. In the middle of the month we attended Wyandotte Yacht Clubs Commodore's Ball for our Commodore. There were a lot of the 2020 class that attended, and it was good to catch up with many of them. On 25 May we attended the Opening of the Port at MRYC along with other flag officers and Past Commodores of MBC. I have always enjoyed the Memorial Day service at MBC. For many years I missed the service due to participation on the Dearborn parade with another organization. This year we attended the services at MBC, DBBC and SBC on Memorial Day. We had a great time at all these events and are looking forward to the summer regattas and receptions.

One of the other couples from our class, Dennis and Donna Breitenbach from DBBC, along with Celeste and I, have been planning to bring back the historic boat race challenge between DBBC and MBC. We're doing this via a cardboard boat race. I've

Then onto Grosse Ile Yacht Club Commodore Ball on June 1st.

Do not forget our Memorial Day service on May 27th. The Boat Club Board and I have decided to move the Board and General meetings to the 3rd Monday of each month (Example- June 17th) . This was done to accommodate more attendance of board and Club members.

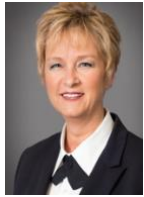

I look forward to navigating our meetings thru smooth sailing all of 2019. I will be looking for solutions from members not problems. It is our Club; change can be good. Please respect our Board members as we are all volunteers. Remember to look at our website calendar at [www.monroeboatclub.org](http://www.monroeboatclub.org). MBC, the Friendliest Club on Lake Erie.

posted a flyer and rules on the AYC board. There is a bartender at DBBC that is looking for a serious challenge from one of MBC's bartenders. We're doing this as a joint fundraiser and hopefully we can keep the challenge going for many more years. Hopefully there will be several entries from MBC. It's going to be a full day of fun and friendship on 06 July 2019.

The next Regatta planning meeting is 04 June at 1830 in the Commodore's room. Please note that this date is different from the one I announced at the last member's meeting. We will be covering all of the open items and affirming those which can be marked as completed. You will begin to see more advertising soon. The sign-up sheets for the various committees will go up on or before 04 June. We need lots of donations for the Regatta auction. Please consider donating items of value or interest. If you will leave the items on or around the small table in the Commodore's room by the outside door, I will get them to the garage for storage till the regatta.

## **Rear Commodore – Barb Johnson**

Greetings All!

So, it seems as though our club is back in full swing. All of our members are really chomping at the bit to get their boats in the water. Too bad Mother Nature isn't cooperating! I would like to issue a warm welcome our new bartender, Kelsey Widner, and would expect the same from our membership. Nicole and I have been trying to keep things happening at the club. Cinco de Mayo was a great time with North Cape Member Mike Scott playing in the bar for the first time. I thought he did an awesome job. We had our first visiting club cruise come in from Detroit Beach Boat Club and Katie and Jordan kept us all entertained. I'm sure the "Name That Tune and Martini Night" event was a huge success, but my article went to press beforehand.

## **Power Fleet Capt. – Dan Martin**

Well it's fair to say 2019 boating season is getting off to a late start for most boaters but hopefully by time of this publication most boats are in the water. This year is looking like high waters so flooded docks and floating debris can be issues this season. Consider calling your destination ahead of time to check docking conditions and keep an eye out for "Prop Killers" floating in the water.

Detroit Beach Boat Club came to our club May 18th for their shakedown power boat run and I would like to thank all who helped with food donations and as greeters for our guest. There were almost 10 boats and 20 plus guest who stayed for a few hours enjoying our fine club. June 1st MBC will be at DBBC for our shakedown run.

We all know Monroe Boat Club is a fun place to be with a lot to offer but consider making road or boat trips to the other AYC clubs too. My first mate Gina and I, along with some of the MBC members have driven to many AYC clubs in May socializing. All of the clubs have different aspects we enjoy, and I encourage you to take advantage

## **Sail Fleet Capt. – Garry Griffith**

Once again, we are experiencing another very wet Spring resulting in even higher water levels than last year at this time. Hopefully by the time you are reading this you have been successful in launching your boat and have been able to start enjoying the boating season. On May 31, MBC boats from the Power Fleet and Sail Fleet will be making the cruise to Middle Bass Island State Marina as participants in the first joint fleet cruise of the season. Just a reminder that signup sheets are posted 30 days in advance of all Cruises. A cruise to the Toledo Harbor Light and pot-luck dinner are scheduled for the Memorial Day weekend and all holidays during the season. On May 21 the Sail Fleet held the first Tuesday Night race of the season. Due to delays caused by the weather conditions, a lot of the sailboats have been scrambling to get everything organized and ready in time to participate.

Any sailboat owners who have been thinking about trying out racing are encouraged to contact either Don Fillion or me at [garry.t.griffith@gmail.com](mailto:garry.t.griffith@gmail.com). We have three boats signed up in a Cruising Class (in addition to the spinnaker and jib and main classes) that will sail a shortened race course. Details are on the MBC web

Celeste and I will continue to support our members and our club to the best of our abilities. It's easy to do because of all the great people here. We're beginning that time of year that Michigan boaters dream about all winter. Take a moment to talk to your dock mate. Help a guest boat dock. Go on the club cruises. We're going to enjoy every wave and gust of wind we can capture. We hope you can have as much joy as we do.

*"Joy is the happiness that does not depend on what happens. It is the grateful response to the opportunity that life offers you at this moment."* Except from "The Book of Joy".

Starting in June we are going to be having a Bloody Mary Bar on Sunday mornings and a Corn Hole Tournament in the afternoon. What can I say Nicole missed her calling, she should have been a professional event planner, I am sure she would have gotten paid a lot more??? I can't stress enough how much help she has been we are truly lucky to have her. June 8th, we have Toledo Sail Club member DJ Dre playing and we are planning an official "Kick off to Summer" party, details to follow on the board and by Mailchimp. The T.V. monitors with all that is happening around the club are working great. Thank you, Steve Hohman, and guess who again??...Nicole Kachar!! Until next month, which will be a blink of an eye...

Cheers!

of your MBC membership that allows you to be a guest at the many AYC clubs. Ford YC, Toledo YC and Grosse Ile YC have wonderful fine dinner programs, Bay View YC, Elba-Mar BC and Riverview YC are full of their friendly members ready to welcome you in for a drink and popcorn. (popcorn is my thing if you don't know) Sunseekers just opened their new clubhouse and have live bands from time to time. I want to say there are just under 30 AYC clubs and every one of them have something there you will enjoy.

Club Regatta season is coming and every year a rotation of clubs are chosen as "Poker Runs." There are 5 Poker Run Regattas and the goal is to get as many boats as possible from each club to go to the poker runs. The designated clubs start taking in boats Friday for the weekend of fun. Let's work together and get some Monroe Boat Club boats out to the poker runs. These weekends are action packed fun.

Thank you

site under "Club Events/Sail Races" and click on Tuesday Sailing Instructions."

Any individuals wishing to ride along on a boat that is already participating in the Tuesday Night racing should contact me. There are always open spots on sailboats...everyone from complete beginners to more advanced sailors...and we can help set you up with the opportunity.

Sail Fleet is also looking for power boaters who are interested in volunteering for Committee Boat, particularly during the weekend sail races. The Committee Boat coordinates the start of the race and records times at the finish. It can be fun and rewarding (beer and work hours). We can train you.

## Dock Master – Brian Manor

I want to start off by thanking all the members who came out in May to help with the dock cleanup. I want to especially thank my dock committee who have been very supportive in all these efforts. By the time this newsletter comes out, I hope the dock repairs will be complete.

I want to remind first year dock holders and those that did not occupy their dock for 30 days last year, your boat needs to be in your Dock

## Auxiliary – Jody Thatcher

Hello from the Auxiliary: Wow where did the Month of May go it seemed to have flown by. A big thank you to Amelia Beverley and her crew for a fantastic Memorial Day Brunch. It is an honor to remember those who have served our country and our past members. Thank you all for coming out to honor these men and women. As we roll into the boating season there are many fun events coming. Auxiliary will be chairing a steak roast on August 10th, 2019 along with Barb Johnson Rear Commodore having Name That Tune, mark your calendar for a fun evening. As

## CCEC Update – Charlotte Neuhauser

### ACTIVITIES

- June 5, 12:00, MBC Book Club
- June 4-5 8:00-2:00, Environmental Career Day for 7th Graders
- June 15, 9:00 am, MBC-A Board Meeting

### MBC CLUB EVENTS

**MBC Book Club.** Judy Peterson reports, "The MBC Book Club met on May 1. We discussed the book selection, Where the Crawdads Sing by Delia Owens. Most attendees thought it was a very good book, and highly recommend it.

Our selection for June is A Man Called Ove by Fredrik Backman, which has already been made into a movie and is currently available on DVD. Our next meeting will be June 5. We will have a soup/sandwich lunch available from Mandy, and the traditional bar menu is also available for purchase. We are really having a great time at our monthly meetings, so I hope to see you all there!!!

FYI: Looking forward, we have decided to do a "Reader's Choice" for our July 10, 2019 meeting. (Please note date change due to the July 4 holiday.) This gives us all a chance to catch up on books we want to read. Just bring a quick summary and opinion of your selection."

While we're on the topic of "books," the **MBC libraries** are quite extensive. Visit the Commodore's Room and browse the general library at the north end of the room which is primarily fiction books. Then move to the other end of the room for the books on boating,

## MBC-A (501c3) Update

**Update on Environmental Career Day.** The days are scheduled for June 4-5. The teachers have told us there are potentially 130 7th graders who will be eligible. We still need 4 more boats each day—either power or sail. At least one more high-performance boat is needed to be used by six students (usually boys) whose lives might be influenced in a positive direction by such an experience. We need volunteers for the following:

1. Kitchen and serving—pizza, fruit, cookies, and water/juice are served for lunch. One more person
2. A captain and co-captain for each boat—4 more boats each day, preferably the same boats on both days.

by July 1st, or you risk losing your dock. First year dock holders include members who previously were dock holders and gave up or lost their dock and are now coming back this season.

Lastly, I will be looking for volunteers to help dock visitors during the regatta. I will also need to know if your dock will be available for use during the regatta.

summer approaches this is a great time to consider running for the Auxiliary Board, our election is in the fall. We are always looking for new faces with new ideas. As I say the door is open for all that are interested. Auxiliary members who have not started on their work hours there are many events thru out the summer, also don't forget burger nights need help. Last but not least I would like to thank all of you for your support during the month of May for Auxiliary burger nights. Our many children events are due to your support. Thank you.

maintenance, and environment. These are primarily non-fiction and technical books. Feel free to enjoy the quiet of the room or borrow a book and return it when finished. Please remember to return your book!

### US Customs and Border Protection

Officers Welch and Pugh provided an excellent US Customs and Border Protection presentation on Sunday, 4/28, about requirements for boat travel to Canada returning to the US. The 40

Monroe Boat Club (MBC) attendees appreciated the information provided, especially about the new ROAM cell phone-based system for documenting and reporting. (See <https://www.cbp.gov/travel/pleasure-boats-private-flyers/pleasure-boat-overview/roam> for the free CPB ROAM app.) One member in attendance successfully registered as the officers spoke, proving that the new system is easy to use. Everyone remembers the early days, following 911, when boating to Canada meant a trip by car to the Tunnel in Detroit, and hours of preparation. Now, in a few minutes, we can accomplish the same electronically.

The presentation was very successful, and the audience left knowing how much has been done in recent years to protect our boarders and still allow US citizens convenient travel to and from Canada by boat and car. Thank you CBP! A big thank you to Wendy Campbell for the cake and coffee!

3. Water quality testing in backroom—a bucket of water is collected by students on each boat and used for testing the quality of the water.

The theme for the day is the sustainability of the environment, and most importantly, the necessity of staying in school, studying hard, graduating, eventually getting the training or education needed for a satisfying job/career, and possibly owning a boat and belonging to MBC. If you can help out, (work hours are given) please email me at [cneuhauser@gmail.com](mailto:cneuhauser@gmail.com), call me, or talk with me at the club.

**The 4th MBC Association Charity Poker Fund Raiser** (4/26-29) was successful, with proceeds of \$3,391. Special thanks to the following MBC volunteers for their participation during the year: Robert and Elaina Adkins, Fred and Celeste Hoitash, Charles Kressbach, Gary Kaye, Mark and Nancy School, Mike and Kathleen

Powers, Ryan and Nichole Shaughnessy, Tony Schippa, Dan Thomas, Bob Zaki, Don Blouin, Charlotte Neuhauser.

Please consider volunteering for one of the future events scheduled for 2019: Friday-Monday, October 25-28; November 1-4. You will find the experience interesting and an enjoyable social opportunity.

**MBC-A Board Meeting:** June 15, Saturday, 9:00 am. All members of MBC are invited to attend the quarterly board meetings of MBC-A. I have found in talking with MBC members, many are not aware of the existence and purpose of MBC Association (MBC-A), the 501(c)3 nonprofit affiliated with MBC. In 2009 members of the Club Community Education Events Committee (CCEC) began collaborating with the Knabusch Math Science Center (across the creek from MBC) on the Annual Kids Fishing Derby. Then by 2012 the Environmental Career Day was offered in collaboration with Monroe Junior High.

Some members began asking, "Why does MBC have to offer these programs...we are a private club?" They were correct...this is a private club, but it's also a "boat" club. Our foundation was built on boating. And this leads to a clean, safe, quality place to boat—Lake Erie. Most of us realize that the sustainability of this great asset which we continuously enjoy depends on our stewardship and making sure the generations that follow will care about it as much as we do.

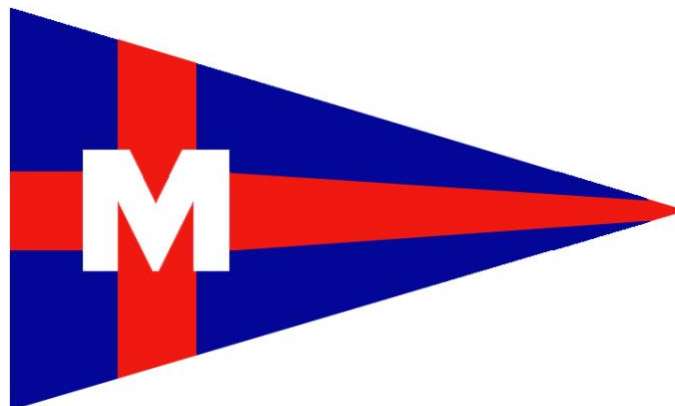

As time went on, we realized we had to have external funding from granting foundations in order to offer these and other programs. Very few foundations grant funds to organizations that are not 501(c)3 nonprofits. In 2017 CCEC split into two entities: CCEC which continues to offer workshops or seminars such as the Customs seminar in May, training on the AED, the book sale at Regatta, and maintenance of the technical/environmental library in the Commodore's Room... and MBC-A with its mission as Providing educational and recreational opportunities associated with fostering the development of a sustainable boating and clean water harbor community, to enhance and protect natural surroundings, and to

provide programs and projects that build environmental and conservation stewardship in youth and adults.

We all are aware that it's difficult to find good people to fix our boats. An article in December 2016 issue of Boat U.S. Magazine, focused on the supply and demand gaps in the maritime trades. This is how it came about that we now offer the Maritime Trades Career Day (MTCD) in September for senior high trades students. In talking with an "old-timer" at Toledo Beach Marina, I asked him, "How do we get kids interested in the maritime trades?" He responded, "Teach them to fish. They'll eventually realize a boat is essential and maintenance comes after that." So that's one of the reasons why we're in the process of getting an elementary school fishing club started.

Talk with some of the MBC members who have volunteered and worked with the kids on these projects. We know from the assessments that the students gain much from the intergenerational interaction and communication, but so many of you have told me that you really enjoyed the opportunity of giving back to the students. We have other projects in the planning process such as "Climate's Relationship to Sailing for 9th-10th graders," "Fishing for Life" for breast cancer survivors, and "Fishing for Life" for PTSD veterans. Please come to our board meetings—we welcome your input and your participation in the projects. We also need your participation in the Charity Poker fund raising which helps with the financial contributions which MBC-A makes to MBC. If you have questions, please contact one of the officers of MBC-A: Fred Hoitash, Dave Ryan, Art Butler, Chuck Kressbach, Don Blouin, Kristin Yaeger, and Charlotte Neuhauser.

**amazon smile** Just a reminder! When you order from Amazon, you can have a percentage of your purchase donated to MBC Association!!! All you have to do is sign up! It's painless! And it is an easy way for MBC-A to receive some much needed \$\$\$ for the projects we're offering. The way it works is that once you sign up at <http://smile.amazon.com> and indicate MBC Association as your charity, Amazon will give 0.5% of the purchase price for each item to MBC-A by depositing it directly into MBC-A's bank account. It does not add to the cost of the item you're purchasing, but it is taken from the purchase price that Amazon receives. The Amazon items and purchase prices are the same as for those you don't purchase through Smile. When signing in to Amazon, simply use the following link <http://smile.amazon.com> to purchase your items. Make sure you are using our charity by clicking on **MBC Association** within the Amazon site.

# CPB Presentation at Monroe Boat Club

US Customs Officers Welch and Pugh provided an excellent US Customs and Border Patrol presentation on Sunday April 28 explaining requirements for boat travel to Canada returning to the US.

The 40 Monroe Boat Club attendees appreciated the information provided, especially about the new ROAM cell phone-based system for documenting and reporting. See the instructions below for the free CPB ROAM app for your cellphone.)

One member in attendance successfully registered as the officers spoke, proving that the new system is easy to use.

Everyone remembers the early days, following 911, when boating to Canada meant a trip by car to the Tunnel in Detroit, and hours of preparation. Now, in a few minutes, we can accomplish the same electronically.

The presentation was very successful, and our members left knowing how much has been done in recent years to protect our boarders and still allow US Citizens convenient travel to and from Canada by boat and car.

Thank you CBP!

### U.S. Customs and Border Protection

# CBP ROAM

Reporting Offsite Arrival - Mobile

Small vessel travelers can use the ROAM app to report their U.S. entry to CBP.

TRIP SUBMISSION INSTRUCTIONS

- ✓ Accept the terms and sign into ROAM using your login.gov account
- ✓ Select "Create Trip"
- ✓ Select the passengers and mode of travel (saved in profile) on trip. Click "Add Traveler" or "Add Mode of Travel" to add new profiles
- ✓ Designate a master of the vessel from the list of passenger profiles and input their phone number
- ✓ Answer all trip detail and declaration questions
- ✓ Submit the trip
- ✓ A CBP Officer will review your submission and may initiate a video chat if necessary
- ✓ A copy of the final notification will be sent to the email address provided

**ROAM App Benefits**

- Streamlined reporting process with reusable traveler and mode of travel profiles using login.gov
- Shorter wait times by reporting from a smartphone instead of calling in
- Remote inspections by CBP Officers using video chat as necessary

Having technical issues? You can still call your local CBP Port of Entry to report your arrival into the U.S.

To provide feedback on the ROAM app, email [cbproam@cbp.dhs.gov](mailto:cbproam@cbp.dhs.gov)

## SETUP INSTRUCTIONS

- ### 1 DOWNLOAD THE CBP ROAM APP!

  - Search "CBP ROAM" in the Apple App Store or Google Play Store and download the app
  - Open the ROAM app and enable location services

- ### 2 SIGN INTO ROAM VIA LOGIN.GOV

  - Click "Log In or Sign Up" and accept the terms. The app will redirect to login.gov, where you can either create or access your existing account
  - You must have a login.gov account to use the ROAM app on a personal device

DO NOT HAVE a login.gov account? Tap "Create an account" and follow the instructions

ALREADY HAVE a login.gov account? Sign in to your account, and you will be redirected back to the ROAM app
- ### 3 ADD AND SAVE PROFILES

**Traveler Profile**

  - In the ROAM app, tap the "Travelers" section and provide required information
  - Save the profile for future use
  - Repeat this process for each traveler on the trip

**Mode of Travel Profile**

  - Select "Modes of Travel"
  - Add a mode of travel and provide required information
  - Save the profile for future use

## **Shots on the Docks!**

## **MBC Association – Thee years and building**

About two and a half years ago, the Board and membership authorized the formation of the MBC Association, LLC, a 501(c)3 educational not for profit corporation. Several other boat clubs have established this type of non-profit corporation and have received many benefits from their activities. Frequently referred to as the MBC-A, it is an independent corporation from Monroe Boat Club. MBC is already receiving financial and in-kind benefits from MBC-A, and there are several activities underway for 2019. This fall there will be a necessary change in the officers of the MBC-A. We are looking for 3 to 6 members to come on to the new 2020 Board of the MBC-A. Any member of MBC or their spouse are members of MBC-A. Please contact Fred Hoitash, David Ryan or Don Blouin if you have an interest in developing this new corporation

## Ship's Store

For some of you who may not know the history, it has been since 2005 when the MBC Auxiliary Ship's Store was removed to assist in the expansion of the bar at the Club.

I would like to proudly announce that after 14 years the "New" Ship's Store is back and "ready for action". This could not have been possible without the help and support of MBC Auxiliary, MBC Sash Gavel, MBC Sail Fleet, Tom Trout, Dan Williamson and P/C David Ryan. A special thank you, as well, to all of the MBC Board and members for your approval and support of the new structure and corridor. Thank you, too, for your patience and understanding during the construction period.

Thank you to all those who assisted in the construction, painting and set up of the Ship's Store. It was truly a team effort!

Something to keep in mind: The idea of the Ship's Store is to promote the "Experience" of Monroe Boat Club. The goods are not only for our members but for our visitors as well. The idea is to take a little bit of our Club back with them to remember us by and to promote our Club to others.

If you would like to see other items sold in the store, please do not hesitate to contact one of the Auxiliary members.

Store hours will be posted in the Ship's Store.

Thank you.

Celeste Hoitash, Ship's Store Chair.
