

Club Commodore – Jeff Morrow

Hello fellow members. Barb and I had a great time at Seaway Boat Club's Commodore Ball on April 20th, we then attended Harbor View's Commodore Ball on the 27th. We were able to make it back to our Club after that ball in time to enjoy the Blue Gavel Steak Roast night ending festivities with DJ Dave in the Bar.

Thanks, Blue Gavel members P/C Rick and P/C Wendy Campbell for hosting this event, it was sold out and I hear the steaks were awesome. Barb and I will be attending Maumee River Yacht Club's Commodore Ball on May 4th.

The Sheraton near Metro Airport is the next agenda for the AYC Ball in 2020.

How about our Fish Fry on April 24th with Angelo Tspis of Northwood Villa as guest Chef. We sold out. Thanks for all the help Nicole Kachar, Mike and Gail McCormick, Nick Pinotti, Jeff

McKeever, Bennett Stein, Mike Anteau, Jason Pryba, Barb Johnson and Kevin Pifer.

The Satin Gavel hosted Thursday Burger night in between the Perch and the Steak dinners. Thanks, members, for supporting our Club. More dinners and surprises to come! Charlotte Neuhauser and Don Blouin have accepted to Chair the 75th anniversary of Monroe Boat Club.

The Boat Club Board and I have decided to move the Board and General meetings to the 3rd Monday of each month (Example- May 20th). This was done to accommodate more attendance of board, Auxiliary (Aux President Attend General meeting), and Club members. I look forward to navigating our meetings thru smooth sailing all of 2019. I will be looking for solutions from members not problems. It is our Club, change can be good. Remember to look at our website calendar at www.monroeboatclub.org. MBC, the Friendliest Club on Lake Erie.

Vice Commodore – Fred Hoitash

Well, it's good to see some of the snow birds coming back. Looks like they brought lots of water with them. Between the East winds and rain this spring, looks like the water will stay high for us. I haven't seen it this high since the mid 1990's.

By the time you read this article, the Blue Gavel will have hosted the first Steak Roast of the summer. Angelo's Fish Fry to support Commodore Jeff Morrow will be successfully wrapped up. The MBC Association will have completed their first Charity Poker event for 2019. Celeste and I will have attended the IOBG District 7 lunch cruise. The Auxiliary Ships Store will be completed, short of finishing touches. The dock construction should be complete, and they will start filling up with boats. And, I will be halfway through the Vice Commodore year.

I want to thank the many people helping to keeping things going at MBC. Don Blouin and Charlotte Neuhauser, at the request of the Commodore, have stepped up and are chairing the 75th Anniversary committee. P/C David Ryan, John & Judy Peterson, Scott and Kim Fuller, Linda, Dennis and Craig Lamb, and my life partner Celeste along with several other Auxiliary and MBC members have helped get the Ships Store from concept to completion. Rick & Wendy Campbell, Ron & Trish Soto and a whole group of people have started to work on the grounds, pavilion and west property, making this club look fantastic for our members and guests. The list goes on. There are so many to thank. As I see you and thank you, know that is from my heart and with gratitude for all you do. When I accepted this position, I wanted to make things happen as best I could, knowing that it is not I that makes the difference, but all of the members that care about MBC.

An update on the club infrastructure. I've been doing a little work on the dishwasher and the Auxiliary is doing a deep clean on the kitchen every month. I converted the two lights on the hallway to a nightlight

condition. The two LED lights only draw 10 watts and will be adequate light for our members to come in and get to the wash rooms at night without turning on lights in the foyer. New bulletin boards have been ordered and were installed in the hallway in April. All other bulletin boards are being evaluated before re-hanging or

replacing. The new men's room door should be installed before the middle of May and we will be ordering two metal exterior doors to replace one that is falling apart and one that has been damaged. The new sail Fleet/MBC trophy case is in process, with construction starting before the end of April.

We will be hosting a steak roast on 18 May and June burger nights to help fund the new perimeter door lock system. This should be a time when there are many members at the club working on or staying on their boats, so we're hoping for a great turnout. We need our internal groups to host steak roasts in August and September. The more activities we have the more members and guests will enjoy this club.

We need lots of donations for the Regatta auction. Please consider donating items of value or interest. I you leave the items on or around the small table in the Commodore's room by the outside door, I will periodically take them to the garage for storage. So far, the regatta

Rear Commodore – Barb Johnson

Greetings Fellow Members!

It is great to see all our "snowbird" members back at the club, a true sign Spring Is Here!! I can honestly say when I took over as Rear Commodore many of our members offered to help out any-time I needed help with anything and anytime I have ask one of our members for some help, they are more than willing to step up and help out. Thank you! I would also like to say a big thank you to Jeff McKeever for taking care of the front of the bar that needed attention. It looks beautiful and you know what they say about first impressions. And what about Angelo Tsipis and crew that put on that fabulous Perch Dinner? What a great bunch of members we have here at the club, those of you who volunteered to work it and all of you who chose to support it! The place was packed, and Katie and Jordan kept the crowd around with their great entertainment.

Power Fleet Capt. – Dan Martin

Gina, me and some of the Monroe Boat Club members have had fun traveling by car to other clubs and enjoying their hospitality. I can't encourage you enough to go "off campus" and take advantage by visiting the variety of AYC clubs. As MBC has its famous Burger Nights check out some of the other clubs on their Facebook pages for their "Special Events" such as dinners, bus trips and bands raffles, etc. In most cases you are welcome to attend and it's a good way to make new friends.

We are doing a Shake Down boat run on Saturday June 1st and have Detroit Beach Boat Club as out tentative destination. This is a good shakedown destination I am trying to secure as it's not too far but far enough to see how the boats run. I will have a time and sign up sheet soon.

Sail Fleet Capt. – Garry Griffith

Sail Racers, it's time to take the covers off and prepare to make way. The Midweek Races kick off on May 14th with registration (5pm to 6pm) followed by a shakedown race at 7pm. Registration materials are available on the MBC website as well as on the MBC page on the Notice of Race (NOR) website: <http://www.noticeofrace.net/eventpage.aspx?&ID=426>. And ahoy to all you cruisers who want to participate on Tuesdays. We plan to add a cruising start with two off-wind legs if we can get sufficient numbers. Please come to the registration on May 14th and sign up. In addition, race documents are also being finalized and posted on the NOR website for the three weekend races:

planning is on track. Again, I can't thank this group of individuals enough. I just know were going to have a lot of fun. We all know that sometimes, on rare occasions, we get rain on one of the nights during regatta. If we do, I promise Troy and I will do the rain dance to make it go away. I have pictures from past years to prove that it works.

Celeste and I continue to get to know our 2020 class better as we attend fund raisers for their Commodore Balls. I mentioned earlier that I am halfway through the year as Vice Commodore. We have just begun to make so many new friends as we meet our classmates as well as other classes in AYC and I-LYA. Yes, it's an honor to fill this position, but it is the thrill of creating friendships that energizes our souls.

"Lighten up, just enjoy life, smile more, laugh more, and don't get so worked up about things." Kenneth Branagh

Mandy is still cooking up some great lunch specials, if you haven't stopped by for one of her lunches, your missing out. She also is open for any new suggestions.

MBC members elect the board to look out for "our club's" best interest and with that being said and after much discussion with the Board and some Past Commodore's, the bar is going to be making some changes, please be accepting of them, it is for the betterment of OUR club. Commodore Jeff Morrow has fine-tuned the security cameras and added a few more. I would also like to thank Lisa Green for her service to MBC. She is no longer and employee here and I wish her well in her future endeavors. I would also like to say a GREAT big thank you to Nicole Kachar, my assistant, and "the assistant to anyone who needs assistance" here at the club. Until next time...

Cheers!

Poker Run Dates

- Toledo Sailing Club June 14-15
- Swan Boat Club June 28-29
- Maumee River Yacht Club August 2-3
- Bayview Yacht Club August 16-17
- Great Lakes Steel Boat Club August 23-24.

Shakedown Boat Run

- Saturday June 1, 2019
Destination Tentative Detroit Beach Boat Club

Thank you

- Race for the Sisters **July 13th**
- Ladies Race **August 11th**
- Solo Challenge **August 17th**

The 2019 Cruising Schedule has been set. Planned destinations are:

- Middle Bass Island State Dock **May 31 – June 2**
- Kelleys Island Seaway Marina **June 29 – July 1**
- Catawba Island Club **July 19 -21**
- Maumee Bay State Park **August 16 – 18**

Look for signup sheets posted at the club 30 days in advance of each cruise or contact John Rudy for more details. Hope you make one or all.

The I-LYA Spring meeting was held April 5 – 6 in Westlake, Ohio. Details were provided for the following 2019 I-LYA Put-In-Bay events:

- Junior Sail Regatta **July 14 – 18**
- Senior Sail Regatta **August 1 – 4**
- Power Boat Regatta **August 7 -11**

In addition, the Commodore's Diamond Jack's Dinner Cruise will be held on May 17th in Wyandotte. Contact P/C Mike Powers for tickets/information.

If you plan to join/renew your US Sailing membership, please be sure to do so using the MBC's "MVP" program with US Sailing. You get a \$10 discount and the club gets \$10 credit to buy things like sailing

Dock Master – Brian Manor

I want to thank all the member who showed up on April 20 and 27th to help clean up the docks. We installed some of the new safety ladders, safety rings, and power washed the main part of the banana docks. We turned on the water system across the the main wall and to the banana docks. Unfortunately, we have a break in the line running out to the main T. Monroe Plumbing and Heating has been contacted to make the repairs.

There has been a change to the dock rules which was approved by the Board of Directors. On page 38 of the membership roster, under

Auxiliary – Jody Thatcher

Hello from the Auxiliary: A big shout out goes to Shawna Powell and Olga Collino and crew for a fantastic children's Easter Party. The children had a wonderful time and loved the Easter Bunny. What a great way to start the Spring season. Thank you all.

Ship store has been newly remodeled and new spring clothing has been ordered. Come in and check us out. Memorial Day brunch May 27th, 2019 will be chaired by Amelia Beverley, if interested in helping please contact Amelia. A quick reminder if you

CCEC Update – Charlotte Neuhauser

ACTIVITIES

- May 1, 12:00, MBC Book Club
- June 4-5 8:00-2:00, Environmental Career Day for 7th Graders

MBC CLUB EVENTS

MBC Book Club. Judy Peterson reports, "Our Book Club Meeting on Wednesday, April 7, was held in the bar room at MBC, we had a delicious lunch prepared and served by Mandy. Then we had the discussion of our book selection, The Irish Cowboy by D.W. Ulster. Everyone really enjoyed this book. It is a relaxing read. The characters were very believable, the story was good, and it made you want to continue reading to find out what would happen next. We found Ulster's next book, Savage, is now

MBC-A (501c3) Update

Update on Environmental Career Day. Our program is scheduled for June 4-5. The teachers have told us there are potentially 130 7th graders who will be eligible. We will need 10 boats each day—both power and sail. At least one high-performance boat is needed to be used by six students (usually boys) whose lives might be influenced

rules summaries. The direct link to the MVP program page on the US Sailing website is: <https://www1.ussailing.org/Membership/MPP/Default.aspx>.

Our Sail Fleet meeting was held on Thursday May 2nd and we finalized race and cruising plans for the 2019 season. During the memorial holiday weekend, the Sail Fleet will sponsor a "sail to the light house" followed by a potluck dinner. More details to follow by email to those on the Sail Fleet email list. Please let me know if you would like to be added to the list.

And finally, a reminder that the last two NCYC Spring seminars are:

- **May 1st** National Museum of the Great Lakes Tugboat "Ohio" History
- **May 8th** Race Rules and Starting Races by Bill Pribe

All seminars start at 7pm and are open to the public.

SECTION III - DOCK FEES, 1. These lines have been added: "Each year with their renewal billing, the dock holder must provide the Dock Master with a current copy of their registration and insurance. The boat to be docked at MBC must be identified on these documents." The complete paragraph is posted on the Dock Master board at the club.

Have a happy and safe boating season!

put items in the galley's refrigerator please mark the date on the item. We have kitchen clean up once a month and we do not want to throw your items out. With many graduations, weddings etc. coming up please sign the sheet when borrowing and returning kitchen items. Thank you. As always looking forward in seeing you at the club.

available. We also discussed other authors that we have read in the past and found that James Patterson has a new book coming out on April 29--18th, Abduction.

We discussed several books, both old and new fiction. We decided the following:

The book selection for May is Where the Crawdads Sing by Delia Owens.

The book selection for June is A Man Called Ove by Fredrik Backman

We're having a great time with this book club, and we encourage anyone who likes to read to join us the first Wednesday of each month at noon at MBC!

in a positive direction by such an experience. We need volunteers for the following:

1. Kitchen and serving—pizza, fruit, cookies, and water/juice are served for lunch.

2. General supervising—men's and women's restrooms, moving students between activities
3. A captain and co-captain for each boat—10 boats each day, preferably the same boats on both days. Talking with the students about piloting and operation of boat, how you came to be interested in boating, along with pointing out environmental issues, such as trash in the water, street overflow between Trout's and OPM, turtles, birds, algae, etc.
4. Water quality testing in backroom—a bucket of water is collected by students on each boat and used for testing the quality of the water. Each table of six students needs an adult supervisor; no experience nor knowledge of water testing are needed, just an interest in helping them get organized if they need it.

The theme for the day is the sustainability of the environment, including the topics of invasive species, good water quality for commercial and recreational purposes, and most importantly, the necessity of staying in school, studying hard, graduating, eventually getting the training or education needed for a satisfying job/career, and possibly owning a boat. If you can help out, (work hours are given) please email me at cneuhauser@gmail.com, call me, or talk with me at the club. I'll be at the club beginning May 1.

Michigan's Natural Resources and Environmental Protection Act Changes are focused on preventing the spread of invasive species and supporting natural resources stewardship efforts for the future. In addition to the existing law requiring all aquatic plants be removed from boats and

trailers before launching, the changes require the following, prior to transporting any watercraft over land:

- Remove all drain plugs from bilges, ballast tanks and live wells.
- Drain all water from any live wells and bilges.
- Ensure the watercraft, trailer and any conveyance (vehicle) used to transport the watercraft or trailer are free of aquatic organisms, including plants.

This means after trailering boats and before getting on the road, boaters must pull plugs, drain water and remove plants and debris

from all watercraft, trailers and other conveyances. (Source: Michigan Department of Natural Resources).

Western Lake Erie Cluster Activities. On June 29th, a boat wash, sponsored by the River Raisin Institute and the DEQ will take place at Bolles Harbor Boat Launch. On July 20th, the boat wash will take place at Lake Erie Metropark. On August 10th, the boat wash will take place at Sterling State Park. If you wish to have your boat washed, take it to one of these sites.

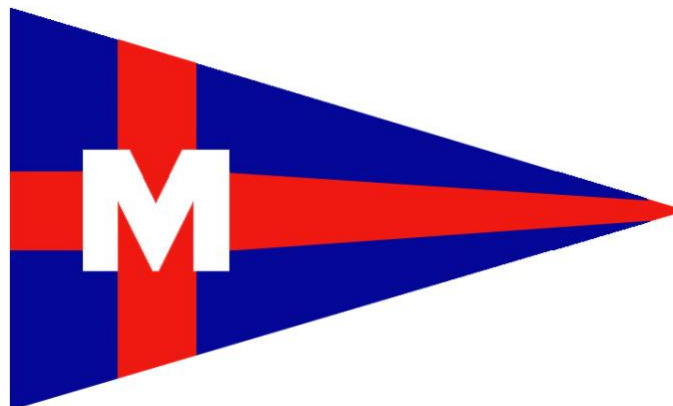

The **Prairie Restoration Learnshop** is set for July 13th at the FCA Dundee Engine Plant in Dundee and will be co-hosted by the Monroe Conservation District and the Oak Openings Green Ribbon Initiative.

Stiltgrass Workshop. Stiltgrass is a new invasive grass that is slowly invading Michigan and has been found in Wayne, Lenawee and other southern counties nearby. So far, none has been verified in Monroe County and we are strongly encouraged to do surveys at nearby parks to ensure it does not spread through our area. The workshop on identifying the grass will be held on June 22nd at the IHM Campus on Elm Street. The plan for the day will be for her to lead a scouting tour after presenting how to identify the new invasive grass.

Work Days. If you're interested in volunteering for some environmental activities sponsored by the Western Lake Erie Cluster, go to the following:

1. May 9, 10-noon Garlic Mustard Pull at River Raisin Battlefield National Park
2. May 11, 5-7 pm Garlic Mustard Pull at River Raisin Battlefield National Park
3. May 14, 5-7 pm Garlic Mustard Pull at Sterling State Park

amazon smile Just a reminder! When you order from Amazon, you can have a percentage of your purchase donated to MBC Association!!! All you have to do is sign up! It's painless! And it is an easy way for MBC-A to receive some much needed \$\$\$ for the projects we're offering. The way it works is that once you sign up at <http://smile.amazon.com> and indicate MBC Association as your charity, Amazon will give 0.5% of the purchase price for each item to MBC-A by depositing it directly into MBC-A's bank account. It does not add to the cost of the item you're purchasing, but it is taken from the purchase price that Amazon receives. The Amazon items and purchase prices are the same as for those you don't purchase through Smile. When signing in to Amazon, simply use the following link <http://smile.amazon.com> to purchase your items. Make sure you are using our charity by clicking on **MBC Association** within the Amazon site.

How to Prepare Boat Shrink Wrap for Recycling in 6 Easy Steps *Anyone can recycle their boat's winter shrink wrap*

SANDUSKY, Ohio, April 30, 2018 – With recreational boats now waking up from their long winter's nap and their protective shrink wrap covers coming off prior to spring launch, a new [video](#) from the [Ohio Clean Marinas Program](#) shows boaters everywhere how to prepare boat shrink wrap for recycling in six easy steps.

Essentially plastic, shrink wrap is an effective winter cover, but when disposed of in landfills, it can take hundreds of years to degrade. The [BoatUS Foundation for Boating Safety and Clean Water](#) says boaters can learn from Ohio's new video to help easily manage their own vessel's shrink wrap recycling. Each vessel yields about 25 to 35 pounds of shrink wrap. Since 2006, the [Buckeye State's recycling program](#) has kept 2.3 million pounds of low-density polyethylene shrink wrap out of landfills, with much of the material being turned into highway [guardrail spacer blocks](#), among other items.

Here are step-by-step instructions on how to properly prepare boat shrink wrap for recycling:

1. **Start at the bottom:** Cut and remove all bellybands at the bottom of the shrink wrap. Bellybands are the strapping that runs under the hull that keeps the shrink wrap from lifting off the boat.
2. **Make four cuts:** Starting at the stern, make a vertical cut on the edge of the shrink wrap cover about 6 inches tall, which will loosen the bottom perimeter of the wrap. Continue to make three more vertical cuts on the perimeter at port and starboard midships and at the bow. You should now have four cuts.
3. **Pull out the nylon:** Remove the four pieces of nylon perimeter banding from the sleeve at the bottom perimeter of the shrink wrap.
4. **Cut up, gently:** Working from the stern to the bow, begin cutting up the wrap into smaller sizes for removal. Start about 6- to 8 feet up and make a downward vertical cut on the boat's centerline toward the bottom of the stern, being careful to not make contact with the boat. Then, moving forward on both sides of the boat, make additional cuts to remove the wrap in reasonably-sized pieces.
5. **Think clean, clean, clean:** As the pieces of shrink wrap come off the boat, be careful not to contaminate them with dirt, oil, stones or other contaminants. It's very important that all nylon strapping, banding, buckles, plastic vents, door zippers or any other materials attached to the wrap are removed and disposed of separately. If, by chance, you've patched your wrap with a tape that can't be removed, cut that portion out and dispose of it separately.
6. **Roll and dispose:** Roll up the pieces of shrink wrap so they can be easily managed by recyclers. You can cut off a long narrow piece of wrap (sometimes called "film") to tie up the bundles – but again, use only shrink wrap material to do this; avoid twine, duct tape or rope. Next, place the bundles in your marina, yard or boat club's designated shrink wrap recycling area and you're done!

To find out how to recycle shrink wrap in your area, check out your local [Clean Marina](#) program or marine trades association. Shrink wrap manufacturer Dr. Shrink also offers a REBAG [shrink wrap recycling](#) kit for \$45 that contains a 30- by 50-inch clear bag with cover-removal directions printed on it, a closure device for the bag and a prepaid FedEx shipping label. The kit can recycle the wrap from a 26-foot power boat, or approximately 600 square feet.

Shots on the Docks!

As many of you know the Banana docks for years have hosted the shots on the docks. When this concept was first developed the mind set was to have it go back and forth between the Banana and the Main T. This is a great way for our club to interact with each other in a fun way, it's also a way to learn about all the different boats with in the club which could help you if you're looking to purchase a new boat.

This year the Main T will be hosting shots on the dock, Jun 22, 2019 from 1-4 The board has approved this event, I'm asking you to respond to me if you would like to be a part of this event so we can get an idea of those that would like to participate.

“Across the Arctic Ocean and to Antarctica by Icebreaker”

Presentation on Thursday, May 23rd at 7pm: “On August 22, 1994, USCGC POLAR SEA (WAGB 11) became the first United States surface ship to reach the North Pole in what was the first major scientific crossing of the Arctic Ocean. Following that expedition, POLAR SEA deployed to McMurdo Sound in Antarctica, reaching one of the southern-most parts of the Southern Ocean. This presentation will cover the two voyages, reviewing the science supported by the Coast Guard's most powerful icebreaker, and providing pictures of some of the scenery in the polar regions of the world.”

Memorial Day Ceremony at MBC

Please come out to your club's Memorial Day Ceremony at 9:30am Monday, May 27. The Blue Gavel presents a tribute to those who have given their lives in service to our country, with your Board, Past Commodores and the Auxiliary assemble around the flagpole in their summer white uniforms to honor our service members. Officers from Detroit Beach Boat Club and Swan Boat Club will arrive at MBC to attend our service in friendship and support. P/C Brian Moyer serves as the master of ceremonies and Father Darin Robert presides over a Blessing of the Fleet in our harbor.

Following the ceremony, the Auxiliary invites all members to Brunch in the banquet room.
